PROFESSIONAL EXPERIENCE

PHP Laravel Developer
E-Nirman Software Solutions Pvt. Ltd.
October 2024 – Present

- Developed and maintained RESTful APIs using Laravel 10.
- Implemented Laravel Sanctum authentication and role-based authorization.
- Built CRUD APIs with search, filtering, sorting, and pagination.
- Implemented dynamic search, multi-field filtering, sorting, and pagination for efficient API data retrieval.
- Developed server-side pagination and optimized database queries using Laravel Eloquent ORM.
- Implemented keyword-based search and filter parameters in REST APIs to retrieve and manage records.
- Developed CSV bulk upload with duplicate validation and error handling.
- Integrated Email and WhatsApp notification services.
- Designed reporting APIs for dashboard statistics and payment summaries.
- Optimized MySQL queries using Eloquent ORM relationships.
- Implemented middleware, request validation, and exception handling.
- Standardized JSON API responses.
- Tested APIs using Postman and collaborated with frontend developers.

Junior PHP Developer
Taction Software Pvt. Ltd.
May 2023 – September 2024

- Customized CRM and SuiteCRM modules using Core PHP and MySQL.
- Built dynamic UI using JavaScript, jQuery, AJAX, and Bootstrap.
- Developed email notification modules.
- Optimized SQL queries for better performance.
- Fixed production bugs and enhanced CRM features.
- Assisted in deployment using cPanel, FileZilla, and Linux.

PROJECTS

HRMS (Human Resource Management System)

Technology

Laravel 10 | PHP | MySQL | Bootstrap | JavaScript

- Developed Employee, Attendance, Leave, Expense, and Notification modules.
- Implemented OTP authentication and Role-Based Access Control (RBAC).
- Built REST APIs with validation and middleware.
- Designed a MySQL database using Eloquent ORM.
- Integrated Email notification services.
- Optimized SQL queries and improved application performance.

Strive – Task Management System

Technology

Laravel 10 | PHP | MySQL

- Developed task assignment and tracking modules.
- Built secure REST APIs.
- Implemented notification system.
- Optimized SQL queries.
- Resolved production issues.

TESTING EXPERIENCE

- TESTING
- Manual Testing
- API Testing using Postman
- Test Case Execution
- Regression Testing
- Bug Reporting

EDUCATION

- **Bachelor of Arts (B.A.) 2018**
- Dr. Ram Manohar Lohia Avadh University, Ayodhya, Uttar Pradesh
